Rival Laos Princes Agree to Negotiate

GENEVA. — A top-level meeting here yesterday failed to break the East-West deadlock in the 14-nation talks on Laos, but in Grasse, on the French Riviera, it was announced the three rival Laotian princes had agreed to discuss the formation of a coalition government in the South-East Asian Kingdom.

Terrorist Raids In Algiers, Oran

ALGIERS (Reuter). — A French policeman was killed and six persons injured when a terrorist threw a grenade into a bar here yesterday. The injured included the policeman's brother and another policeman.

In Oran, insurgents shot and killed a European and wounded another before escaping.

He said he and Lord Home had an "interesting" talk and added that he had urged the other participants to meet tomorrow, but did not receive a definite reply.

The dispute is believed to center on the extent of the cease-fire in the country. The West claims it must be absolute before political talks can start. The West demands that the Communist forces halt attacks on pockets held behind their lines by the Royal Laotian Army.

Earlier, in the day two Algerians and a European were killed in three separate incidents.

The Franco-Algerian peace talks at Evian enter a crucial "tough bargaining" phase at the next session tomorrow. The coming week may show how much give and take the two sides are willing to allow on such difficult issues as the status of the European troops. The left-wing delegations call them "cleaning up operations against bandits" and say they do not affect the cease-fire, which they are observing on the main front.

Boun Oum Agrees

The right-wing Prime Minister of Laos, Prince Boun Oum, agreed his agreement to meet in Zurich with the leaders of the two other Laotian groups. Prince Souvanna Phouma, the neutralist former Premier and his half-brother, Sounphannong, who leads the pro-Communist Pathet Lao.

Both had previously expressed their readiness to meet Prince Boun Oum, but there was no agreement on the site. The decision to meet in Zurich was announced yesterday by Prince Norodom Sihanouk, Cambodian head of state who sponsored the 14-nation conference here. Prince Sihanouk, who is in Grasse, received Prince Boun Oum's agreement by phone.

Prince Boun Oum is at present in Nice Southern France, while the other two princes, who are returned from Moscow, are in Geneva. (Reuter, AP)

Definition Given To 'Non-Aligned'

CAIRO. — Delegates of 22 countries agreed yesterday on a broad definition of neutrality that would possibly greatly enlarge the summit conference of non-aligned powers planned to be held in Yugoslavia.

The definitions were adopted in sub-committee session and were expected to be ratified at the closing plenary session of the conference last night. At the same time, a tentative agenda also approved in committee yesterday was expected to get full approval.

The definition of neutral powers could permit certain European, Latin American and African powers not represented here to attend the conference, opening Sept. 1.

The main headings of the draft agenda for the talks are the international situation, means of liquidating imperialism, international cooperation, and world peace.

1.—The country should follow an independent policy based on non-alignment and peaceful co-existence.

2.—The country should support liberation movements.

3.—It should not participate in military pacts or be involved in East-West disputes.

4.—The country is member of a bilateral agreement with either power or member of a regional defense pact. It should not be party to the cold war or involved in East-West disagreements.

5.—The country should not agree to be bound by the terms of any pact or agreement for the benefit of either of the two sides. (Reuter, AP)

50 Killed By Earthquake In South Persia

TEHERAN (Reuter). — Fifty persons were killed and about 50 injured yesterday when an earthquake wiped out a mud-hut village in Southern Persia.

An announcement said the village of Dezhnevan, 25 kilometers from the township of Lar and consisting of 400 mud huts, was razed to the ground. Aid was being sped by land and air to survivors among the 1,500 inhabitants of the village who are now camping in an open field.

The quake, a radius of 300 km. from Lar which was the centre of a major earthquake catastrophe last year. Five hundred persons were killed then and about 3,000 were injured. But Lar escaped yesterday's tremor comparatively lightly.

Earlier, in the day two Algerians and a European were killed in three separate incidents.

The Franco-Algerian peace

talks at Evian enter a crucial "tough bargaining" phase at the next session tomorrow. The coming week may show how much give and take the two sides are willing to allow on such difficult issues as the status of the European troops. The left-wing delegations call them "cleaning up operations against bandits" and say they do not affect the cease-fire, which they are observing on the main front.

More Tremors

Fresh tremors shook Lar, Dezhnevan and surrounding areas during the day and last night, but no fresh casualties were immediately reported.

Air planes carrying medical and other supplies from Shiraz encountered bad weather and further attempts will be made today to fly in supplies.

Goods have been rushed by road to Lar and many friendly towns and villages, but food supplies, blankets and tents are still urgently needed in the area.

All shops were destroyed in the old township of Lar, making it impossible to send supplies from there, the announcement added.

The Ethiopian Red Cross has issued an urgent appeal for help for the victims of the recent earthquake in Central Ethiopia. Five thousand persons are reported homeless and destitute in the Kara-Kore and Majete areas north of Addis Ababa. (Reuter)

U.S. Diplomat Said Ousted by Gizenga

MOSCOW. — The Stanleyville correspondent of the Soviet news agency, Tass, reported yesterday that the Lumumbist regime there had detained an American diplomat, Mr. Carucci, accused him of subversion and ordered him out of the city and province.

The U.S. ambassador to the Lumumbist regime, Mr. Obernauer, is saying the American Second Secretary at the U.S. Embassy in Leopoldville, had arrived in the Lumumbist capital a few days ago despite the local authorities' refusal to give him permission to come.

Permission had been refused because the U.S. does not recognize the claim of the Lumumbist leader, Mr. Antoine Gizenga, to head the friendly government of the Congo.

The representative of U.N. Secretary-General Dag Hammarskjold, Ghana's Robert Gardiner, had a seven-hour meeting with Gizenga on Friday. Reliable sources said an atmosphere of "confidence and comprehension" prevailed throughout the meeting, which was attended by several other Congolese officials.

An official Stanleyville spokesman said Gizenga told Mr. Gardiner that the representatives of the Congo Parliament had requested the U.N. forces give adequate guarantees for the personal security of all members.

Arab League Hits Soviet 'Meddling'

CAIRO (AP). — Members of the Arab League Council Saturday night criticized the Soviet Union for "interference in the domestic affairs of an Arab country."

In independent statements, representatives of Saudi Arabia, the Lebanon, the Yemen and Jordan sharply denounced attacks against the UAR by Soviet propaganda media.

Prince Mohammed Ben Mousa, Saudi Arabia's Defense Minister, said "the attacks reveal the intention of the Soviet Union to impose its system on a sovereign Arab country. The consequences of such attacks will cause Arab countries to reconsider friendly relations with the Soviet Union."

Abdul Aziz, the representative of the Yemen, said "Soviet propaganda launched a campaign against the UAR with many invented stories that have been proven wrong."

Kennedy's Condition Said Improving

PALM BEACH, Florida (Reuter). — President Kennedy missed his usual Sunday morning visit to church yesterday but his back injury continued to improve.

The assistant White House Secretary, Mr. Andrew Hatcher, discounted the possibility that the President had missed church because he was reluctant to see on crutches, saying that he would be using them in due course.

The President's injury, a strain at the base of the spine, was incurred when Mr. Kennedy took part in a tree-planting ceremony last month in Ottawa.

Mr. Kennedy's wife, Jacqueline, yesterday concluded a four-day Argentinian cruise at Sounion, about 70 kilometers from Athens. Prime Minister and Mrs. Constantine Karmanlis were there to greet her at a press conference in Moscow.

— The country should not have agreed to be bound by the terms of any pact or agreement for the benefit of either of the two sides. (Reuter, AP)

B-G Reports to Cabinet On US Plan for Refugees

Jerusalem Post Political Correspondent

The Prime Minister yesterday gave the Cabinet a two-hour report on his meetings in Canada, the U.S., England and France. The Cabinet also heard a report from the Foreign Minister, Mrs. Golda Meir, on her visit to Sweden, Norway, Denmark and Iceland.

The reports of the Prime Minister and the Foreign Minister occupied the entire meeting.

The Government Secretary said that the two reports were for the Cabinet only, everything that could be made public having already been announced.

Mr. Ben-Gurion's report included a clarification of his discussion with President Kennedy on the question of Arab refugees. It will be recalled that Mr. Ben-Gurion indicated that he and Mr. Kennedy had reached a large measure of agreement on the refugee problem, and that the U.S. President had put forward some suggestions which, if accepted by the Arabs, could form the basis of a solution.

According to the Government Secretary, the question of the export of Israeli arms did not come up at yesterday's meeting in any form.

Mr. Ben-Gurion launched with the President yesterday a memorandum on Germany and on a nuclear test-ban treaty which were handed by Mr. Ben-Gurion to President Kennedy last week-end when he visited the United States.

The Burmese Minister of State Affairs, Dr. Saw Naung, and his Director-General, Mr. Saw Morgan, who after a week's visit to Israel, return to the Government (by El Al).
Film Actress Dalia Lavia, for Paris and to take part in a new film in Corfu (by El Al).

Three Soviet Artists Arrive

LYDDA AIRPORT. — The first Soviet artists to come here since the establishment of the State of Israel — pianist Lev Vlasenko, violinist Michael Vainmann, and piano accompanist Marin Karandashev — arrived by Swissair last night for a series of recitals under the auspices of the Israel-Soviet Friendship League.

The artists, accompanied by Mr. Yuri Saltan, were greeted at the airport by the Soviet Ambassador, Mr. Mikhail E. Bodrov; the Secretary of the League, Mr. Eli Peleg; Mr. Zvi Hafetz, of the Israel Philharmonic Orchestra Management; the impresarios, who arranged the visits on behalf of the League, Moskva, Avraham Bogatry and Ya'akov Ori, and others.

Arrangements for the visit, delayed three months, were completed only three weeks ago. The artists are scheduled to give a gala premiere recital, under Mr. Bodrov's patronage, at the Mann Auditorium on Thursday night.

Touviah To Remain in Post

Jerusalem Post Reporter

BEERSHEBA. — Major David Touviah was released from hospital on Friday after a checkup, and will spend two weeks at home convalescing. He told *The Jerusalem Post* that he would remain in office until the election.

While he is on leave, Deputy Mayor David Halikham will be Acting Mayor.

Major Touviah had originally intended taking several months' leave.

Boy Drowns In Artificial Pond

Thirteen-year-old Amnon Drori, from the Ezra and Bitaron Quarter, drowned on Saturday while swimming in an artificial pond not far from his home.

After the boy failed to return home in the afternoon, a search by police and volunteers uncovered his body in the pond, which was formed from waters of an experimental well belonging to the Melior Company.

a memorial meeting and the unveiling of the tombstone will take place tomorrow, Tuesday, June 13, 1961, at 4 p.m. at Ghayat Beach Cemetery. A special bus will leave at 3.30 p.m. from Rehov Heschel 20, Rehov Shapira. The Wattenberg, Eschermann and Friedlaender Families.

20% of Palestine Refugees Resettled, Hakim Says

By YAACOV FRIEDLER, Jerusalem Post Reporter
HAIFA. — About 20 per cent of the Arab refugees are in fact already resettled — in the U.S., Canada, Lebanon, Jordan, and Syria — and realize that they will never return to their former homes, Archbishop George Hakim, leader of the country's 20,000-strong Greek Catholic community, told *The Jerusalem Post* in an exclusive interview.

"If Israel were now to offer them financial compensation for the property they left behind, their enmity will vanish," Archbishop Hakim believes. "It is only when they should be offered the alternative of return, in compliance with U.N. decisions, 'which they will certainly not accept.' Those receiving compensation would be required to waive all further claims."

Archbishop Hakim believes that Israel is the only nation that would accept such a settlement. "But even if only a dozen accepted" immediately, "it would be the beginning of a final settlement."

Speaking of the situation of Israel's own Arab community, Archbishop Hakim said that the question of the Minority Government was no longer a serious problem.

"Restriction has been eased to such an extent that, except in remote border villages, they are no longer felt very much. We also have grounds to hope that a further easing will follow."

The question of the proposed Land Consolidation Act and the problem of land expropriation were, however, vexing the Arab community, and would play an important part in their election thoughts. "All the parties — even those in the Government," Archbishop Hakim said, "are becoming more and more 'green' on this question." Feeling on this question may spill the chances of a Mapai-affiliated list in my community (which musters about 8,000 votes), similar to the list which appeared in the 1959 elections.

In the 1959 elections, Archbishop Hakim actively supported the Mapai ticket.

Asked about the effect of

**Aid Agreement With Upper Volta**

Jerusalem Post Reporter

Israel and the Republic of Upper Volta yesterday signed a mutual technical assistance agreement. The agreement was signed by the Foreign Minister, Mrs. Golda Meir, and the Upper Volta Minister of Economics, M. Antoine Yerai, at the Foreign Ministry in Jerusalem.

Under the agreement the Upper Volta will send students here for training in agriculture, medicine, public health, education, communications, and transportation, to the Upper Volta to advise in these fields as well as in the development of industry, natural resources and the establishment of training programmes for skilled workers and technicians.

The agreement provides that Israel will pay for the expenses in Israel of the students from Upper Volta and that Upper Volta will pay the salaries and transportation of those Israeli experts who remain in Upper Volta for longer than two months.

At the ceremony Mrs. Meir said that the local Israeli students would soon depart for Upper Volta.

Mr. Yamongo was later received by President Ben-Zvi. The Finance Minister, Mr. Levi Eshkol, last night gave a dinner in honour of the delegation. Among those present was the Foreign Minister, Mrs. Golda Meir.

Angolan Showaways Ask Israeli Birth

HAIFA. — Two Africans stowaways from Angola who arrived on the *Haif Gilboa* over the weekend and who have asked to be given Israeli birth certificates will be held under police guard aboard the ship in Haifa port yesterday, awaiting repatriation.

Seamen's Union sources said last night that their request was under favourable consideration.

The two men — Manuel Elias, 25, and Antonio Francisco Daguerra, 28, both from Porto Lobito, stole aboard the *Haif Gilboa* freighter while she was loading 15,000 tons of iron ore for the Acer Steel City in Porto Lobito three weeks ago. After hiding in a hold for two days, they gave themselves up to the captain when the ship was well out at sea.

The captain tried to put them ashore at Dakar, but the authorities denied their entry. They hold seamen's books, having worked on fishing boats and coastal schooners in Angola.

If they are denied work, they will be taken back to Angola when the *Haif Gilboa* sails for Porto Lobito in January. Some 50,000 children aged from four days to those born in 1957, will receive the vaccine.

The operation in the Central African Republic was completed on Friday. Over 130,000 children — about 95 per cent of all eligible — were inoculated.

The Jerusalem and Haifa campaign will begin when the local district health bureaux have completed their preparations. The medical director also includes settlements in the Jerusalem Corridor, while Haifa includes its suburbs. (Only about six polio cases have been reported in Jerusalem since the beginning of the year.)

500 Nazi Doctors Said Free in Germany

Jerusalem Post Reporter

TEL AVIV. — Over 500 former Nazi physicians and scientists, who participated in war crimes and "experiments" held posts and have been allowed to go free in the Federal German Republic. Dr. David Wodobinsky, former IZL leader in the Warsaw Ghetto and today professor of Psychology at New York's School for Social Research charged yesterday.

It would also encourage small investment schemes, often more efficient and practical than large-scale enterprises.

Mr. Eliezer suggested that the centre be located in Ethiopia so that it could work together with the regional headquarters of the World Health Organization.

The International Chamber of Commerce has instructed its Committee on Aid to Underdeveloped States to study a proposal raised by the President of the Jerusalem Chamber, Mr. Menachem Elias, for the establishment of a private enterprise and information center in Addis Ababa to serve all Africa.

Mr. Elias' proposal made before the recent ICCC convention in Copenhagen, envisaged a centre that would channel investment capital and technical aid from the private sector of advanced economies to the private sector of new nations.

It would also encourage small investment schemes, often more efficient and practical than large-scale enterprises.
